## Instructions for Idaho Form 49C

Complete this form if an investment tax credit carryover is included in the current year's available credit. Once the Form 49C is completed, the carryover will be carried to Form 49.

### **Carryover Period**

Unused credit earned on investments made after 1989 may be carried forward up to seven taxable years. Unused credit that was carried forward to 1999 but was not fully used in 1999 may be carried forward 14 taxable years from the year of the investment. Unused credit for qualified investments made in taxable years beginning in 2000 and later may be carried forward 14 taxable years.

### **Conversion of a C Corporation to S Corporation**

An investment tax credit carryover earned by a C corporation that has converted to an S corporation is allowed against the S corporation's tax on built-in gains, net capital gains, and excess net passive income. The credit is not allowed against the tax paid by an S corporation for non-resident shareholders. A separate Form 49C should be used to account for this credit carryover.

### **Replacement Property Acquired Before 1995**

Carryovers of credit for property acquired prior to January 1, 1995 may not include property acquired as replacement property unless you replaced the property solely due to technical obsolescence.

### **Use of Other Schedules**

If this form does not allow you to properly reflect the application of carryovers and recapture, you may provide the information on a separate schedule.

### **SPECIFIC INSTRUCTIONS**
